

Dear Miami County Neighbor,

2020 is proving to be a very challenging year for Miami County. COVID-19 has impacted us in so many ways, both seen and unseen. The United Way of Miami County has been front and center helping our agencies, not only, try to determine how to continue to serve the community but in offering new services. Our agencies have stepped up and shown why Miami County is a great place to live.

We are just starting our third year as a county wide entity and we are continuing to see not only more need for the United Way, but more benefit from being County wide. This system will help all of the citizens of Miami County become connected with all of the social services available in our community. If you're facing a challenge, and don't know where to turn, call 211 today or visit www.miamicounty211.org.

So as these uncertain times causes so many of our neighbors to need more, we need to ask for your help to meet these demands. Many of you, know the impact made by your weekly contributions to the United Way, while others don't. If you would like to learn more about that impact, go to www.unitedwaymco.org to learn more.

Let's help our agencies help our neighbors navigate these most unusual and challenging times.

Thank You!

A handwritten signature in black ink, appearing to read 'D. Larson', with a stylized flourish at the end.

Doreen Larson
Vice-Chairman of the Board of Directors
United Way of Miami County
