

STUDENT UNITED WAY of MIAMI COUNTY

Empowering students to lead, serve, and make an impact right here at home.

What is Student United Way?

Student United Way is a youth leadership initiative created by the United Way of Miami County. The program engages local high school students in service, philanthropy, and nonprofit leadership. Students learn about community needs, visit local agencies, and explore how they can make a difference.

Who Can Join?

Two seniors (male/female) from each participating Miami County high school are selected to serve for the academic year. Student representatives are chosen based on their leadership potential, interest in community service, and commitment to learning.

What Do Student United Way Members Do?

- Attend monthly meetings hosted at United Way partner agencies
- Learn about local nonprofit work and community issues
- Participate in hands-on service projects and advocacy efforts
- Develop leadership skills and build peer connections across schools

Why It Matters

Student United Way cultivates the next generation of community leaders. Students gain real-world experience, develop a passion for service, and return to their schools as ambassadors for change. It's leadership with heart—and purpose.

How Schools Can Support

- Help identify and nominate student representatives
- Promote Student United Way in your school community
- Encourage staff and students to get involved with United Way's mission
